

Welcome to the second edition of our weekly newsletter for students accessing our on site provision for Critical Worker, Vulnerable & SEND students.

It's been another great week for the students attending Hanham Woods Academy. Whether it's tutor time DEAR sessions, the opportunity to take part in PE daily, or catching up face to face with their favourite member of staff, it's business as usual.

#WeAreHanhamWoods

The students here are taking advantage of the high quality online learning provision also accessed by their peers working from home and have been successfully completing lessons from a full range of exciting subjects/

Important Notices:

- Students will continue to wear PE Kit until further notice.
- Students should bring their own corded headphones to school everyday where possible.
- The canteen is closed during break time and will only be serving pre-ordered baguettes during lunchtime.
- Mobile phones must not be seen or heard during the Academy day.
- If your circumstances have changed and your child can now continue their learning from home please inform the Academy.

Pastoral, SEND and support staff are still providing comprehensive support to children on site.

We have a member of our Welfare Team on site at all times, but you can still access support when you aren't in school!

Both students and parents are able to call the Safeguarding Line directly on:
07599915486
Between 8:30am and 4:30pm Mon-Fri.

WoW cards are still being given out in school – but are also being posted by subject teachers for work completed online!

To extend your learning further when you aren't in school, follow these useful links to the CLF blog and online learning platform Seneca.

Seneca Learning - <https://senecalearning.com/en-GB/>

CLF Online Learning Portal - <https://learn.clf.uk/>

Are you looking for fun after school provision/ enrichment activities for your child?
