February 2021

Dear Parent/Carer

Year 10 Girls HPV 2nd Dose

We will be attending Hanham Woods Academy in order to do the 2nd dose of the HPV (Human Papillomavirus) vaccine for those girls who have not yet received a second dose. The first dose of this was given in Year 8 in the Academy and the session for the second dose was cancelled due to last year's COVID-19 lockdown.

Please be assured that under lockdown measures you are allowed to leave home for medical reasons and Public Health England are recommending that the school vaccination programme continues at the current time. We will be working with Hanham Woods Academy to ensure that we adhere to the latest government guidelines with regard to COVID-19 whilst delivering the Childhood Vaccination Programme.

These vaccinations will be taking place on Tuesday 23rd February 2021, in the Fitness Studio at the Academy, commencing at 9.30am. In order to adhere to social distancing and maintain COVID secure practices, we are asking parents/carers to book a convenient time slot using our Parents Evening Booking system. We hope that this will also provide reassurance that visits are limited to small numbers on site at any one time. Please click this link to book: <https://hanhamwoods.schoolcloud.co.uk/>. Bookings are now open and close on Monday 22nd February 2021 at 6pm. You will need to select a time slot with one of the named members of staff; however, this is not the person administering your child's vaccine – this will be undertaken by one of the medically trained school nurses. Once the time has been selected, there is no further action required other than to turn up at the scheduled time.

Access to the Fitness Studio will be via the main gate then through the gate immediately to your left – this will be signposted.

If you have any queries in relation to the above, or require any further clarification, please contact the Academy Reception on 0117 440 8900.

Yours sincerely

School Immunisation Team
