Dear Parents/Carers

Year 7 Transition Update – September 2023

Our mission is to give people the best chance of success and our Transition Programme is designed to support a smooth transition to secondary school. We know this can be a challenging time for students (and families), however we aim to reassure and support you through this transition. We are really looking forward to working with you as we prepare to welcome your child to Hanham Woods Academy.

This letter contains important information about the Transition Programme.
